

## School Annual Education Report (AER) Cover Letter

April 14, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2014-2015 educational progress for the Lynch STEM Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Ryan West, Principal at Lynch STEM Elementary for assistance.

The AER is available for you to review electronically by visiting the following web [http://lynch.lapeerschools.org/UserFiles/Servers/Server\\_3097655/File/Lynch%202013-14%20AER.pdf](http://lynch.lapeerschools.org/UserFiles/Servers/Server_3097655/File/Lynch%202013-14%20AER.pdf) or you may review a copy in our main office at your child's school.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school HAS NOT BEEN GIVEN ONE OF THESE LABELS.

In the area of reading, the goal was for our students to be reading at grade level or make one and a half years growth based on DRA2 district reading assessment. In the area of math, the goal was for our students to demonstrate proficiency using pre and post data based on trimester math assessments, scoring at or above 80% or make 20% growth. In the area of written expression, the goal was for our students to demonstrate proficiency using pre and post data based on district writing on demand prompts in narrative and informational writing or make 25% growth.

<b>K Grade – Proficiency</b>	<b>1<sup>st</sup> Grade – Proficiency</b>	<b>2<sup>nd</sup> Grade – Proficiency</b>
Math – 81%	Math – 85%	Math – 93%
Reading – 84%	Reading – 81%	Reading – 83%
Writing Combined Score – 78%	Writing Combined Score – 65%	Writing Combined Score – 75%

<b>3<sup>rd</sup> Grade – Proficiency</b>	<b>4<sup>th</sup> Grade – Proficiency</b>	<b>5<sup>th</sup> Grade – Proficiency</b>
Math – 72%	Math – 72%	Math – 72%
Reading – 65%	Reading – 90%	Reading – 97%
Writing Combined Score – 41%	Writing Combined Score – 64%	Writing Combined Score – 37%

We continue to focus on best practice instructional practices focusing on improving M-Step reading and math scores by the Spring 2016 M-Step for our elementary school students. At this time, we do not have sufficient data to compare annual M-Step scores for ELA and Math.

Our students increased in proficiency in MEAP math scores from Fall 2012 to Fall 2013 by 8%. Our math teachers are focusing on developing an understanding of the strategies applied in mathematics and they continue to work on question and discussion techniques in the classroom such as math talk and talk moves to help students learn. Teachers also continue to focus on mathematical practices to assist students with solving complex problems and thinking critically to include inquiry-based learning into their classrooms.

Fall 2013 MEAP data indicates positive growth in grade level proficiency in 3<sup>rd</sup>, 4<sup>th</sup> and 5<sup>th</sup> grade. 3<sup>rd</sup> grade scores of Reading (61% proficient), Math (49% proficient), 4<sup>th</sup> grade scores Reading (68% proficient), Math (57% proficient) and Writing (45% proficient) and 5<sup>th</sup> grade scores Reading (82% proficient), Math (60% proficient) and Science (26% proficient) all exceed state averages.

### **MAPS Testing**

The students at Lynch STEM Elementary School took the MAPS assessment in reading and math during the fall, winter and spring of this school year. Below are the averages for each tested area.

<b>K Grade – Met RIT Growth</b>	<b>1<sup>st</sup> Grade – Met RIT Growth</b>	<b>2<sup>nd</sup> Grade – Met RIT Growth</b>
Math – 70%	Math – 87%	Math – 82%
Reading – 51%	Reading – 68%	Reading – 74%

<b>3<sup>rd</sup> Grade – Met RIT Growth</b>	<b>4<sup>th</sup> Grade – Met RIT Growth</b>	<b>5<sup>th</sup> Grade – Met RIT Growth</b>
Math – 70%	Math – 80%	Math – 96%
Reading – 53%	Reading – 82%	Reading – 71%

**Parent Teacher Conference Participation**

Lynch also had 96% of Elva Lynch parents participated in parent/teacher conferences in the fall, this in comparison to 100% attendance in the previous six years.

**Process for Assigning Pupils to a School**

Students attending Lapeer Community Schools are assigned to school buildings based on their residence. Parents may request that their children attend a different building by completing an In District Schools of Choice Request and submitting it to any school building in the district. Details regarding the Schools-of-choice process can be obtained from the district website, [www.lapeerschools.org](http://www.lapeerschools.org).

**Specialized Schools in the District**

Specialized schools provide alternative educational opportunities for students on either a part-time or full-time basis. In addition to the regular K-12 program provided by Lapeer Community Schools, the district has students attending five specialized school programs: Special education for the most severely handicapped students, Community High School, Lapeer County Educational and Technical Center and two options utilizing the Year-Round calendar at both the K-5 and 6-8 grade levels.

- The **Lapeer Intermediate School District** offers programs for the most severe mentally, physically and emotionally impaired students. Most of these programs are housed at the Lapeer County Educational and Technical Center.
- **Lapeer Community High School** serves “at-risk” youths ages 14-18 in an alternative environment. The school provides a curriculum designed to develop employability and social skills as well as academic skills. A range of services address problems such as poor attendance, poor academic performance – and behavioral issues.
- **The Center for Innovation at the West Campus** is a program that will offer a series of project based learning classes, a Project Lead the Way science program for students in grades 6-12, college on campus courses, and other programs. Many students in grades 6-12 will opt to spend a portion of their day at the CFI campus in order to take advantage of these many educational options.

- The **Lapeer County Educational and Technical Center** provides vocational education and related services to high school students from all of the county high schools. Students in the 15 programs learn job specific skills to help them prepare for employment upon graduation. They also learn academic skills in an applied setting.
- **Rolland-Warner Year-Round Middle School** is a program for students in grades 6-8 that operates on a balanced calendar. Students attend school the same number of days as traditional calendar students, but have a shorter summer break and more frequent week-long breaks during the school year. This program is housed at Rolland-Warner Middle School which will be renamed as Rolland-Warner 6/7 Campus in the fall of 2014. Students in grades 6-8 will begin their year at this campus and then students in grade 8 will relocate to the Zemmer 8/9 Campus on September 2, 2014. Over 100 students participated in the Year-Round Middle School program this past school year.
- **Turrill Year-Round Elementary School** is a program for students in grades E5-5 that operates on a balanced calendar. Students attend school the same number of days as traditional calendar students, but have a shorter summer break and more frequent week-long breaks during the school year. During these week-long breaks, students can opt to attend intercession camps for a nominal fee. Turrill has over 450 students that take advantage of this option for their elementary school years.
- **Lynch STEM Elementary School** offers a program with a focus on STEM education for students in grades E5-5. As part of this concept, all students will experience Project Lead the Way (PLTW) integrated in the current curriculum. PLTW Launch enhances the ELA, Math, Social Studies and Science curriculum by providing students with opportunities to develop the skills necessary to be successful in 21<sup>st</sup> century based careers. For more information about STEM education and enrollment opportunities into Lynch STEM Elementary visit <http://lynch.lapeerschools.org/>

### **Accessing the Core Curriculum**

The core curriculum of Lapeer Community Schools is modeled after the Michigan Department of Education's (MDE) K-12 Curriculum and Standards. Our teachers have developed pacing guides, lesson plans and assessments to align with MDE grade or course level specific expectations. To access the core curriculum online, visit <http://www.mich.gov/mde>; click on Curriculum & Instruction on the menu, and then select Grade Level or High School Content Expectations.

Lynch STEM Elementary is proud of the accomplishments of students, staff and families throughout the 2014-15 school year. Through teamwork and dedication our students made

great gains academically and socially. Our staff prides ourselves on the collaborative and positive culture that has been sustained for many years. The following are just a few points of pride for the 2014-15 school year.

- All teaching staff collaborates weekly on best practice quality instruction for all and supplementary instruction.
- Lynch staff review assessment data on an ongoing basis throughout the school year, targeting students' strengths and weaknesses in order to plan for adjusted instruction.
- All classrooms provided interventions based on proficiency scores. In addition, a building-wide response to intervention time was developed for 40 minutes every day where students received support based on individual academic needs.
- The development of yearly target goals and student outcome objectives is a collaborative process. The process involves the following: Parent input is gathered through P.T.C., Parent Advisory Council, surveys, and parent involvement activities.
- Staff Professional Development Activities focused on building goals in strategies to increase student engagement with a focus on questioning and discussion techniques.
- Various "Family Nights" were hosted by our Title I Interventionist, PTC, and volunteer staff.
- Outstanding Parent Teacher Committee that hosts annual family and staff events.
- Stakeholder perception surveys demonstrate high satisfaction with the educational program at Elva Lynch.
- Student Council members organized various activities to give back to the community.
- After school enrichment opportunities were offered to students at all grade levels.

In closing, at Lynch STEM Elementary we continue to take great pride in the achievement of our students and community. We will continue to strive for excellence, making sure our students have access to a world class education.

Sincerely,

**Mr. Ryan West**  
**Elva Lynch Elementary Principal**
