Rates for shortened weeks due to holidays will be announced at that time. Look for special flyers or announcements

Important learning starts well before Kindergarten. Lapeer Community Schools has several opportunities for parents to get an early start on their child's education.

All of our programs provide children with the opportunity to gain independence and show growth in the following developmental areas: social-emotional, physical, language, and cognitive. We also address content learning areas such as: literacy, math, science and technology, social studies, and the arts.

Kids and Company reserves the right to revise or change any program or pricing information in this brochure at any time as program needs change.

LCS Kids & Company Programs are self-supporting, governed by Lapeer Community Schools, and funded entirely by tuition fees.*

*ECSE & GSRP are state or federally funded programs.

*Program offerings and calendars may differ due to various funding sources.
