Student Placement Request Forms

Based upon the teacher's knowledge of each student, they work as a team in the placement decisions for the coming year to ensure balanced classrooms. Our goal is for your child to receive a placement that best meets the needs of their learning style. Factors considered when making student placement decisions include, but are not limited to the following: academic ability, special instructional support needed, peer relationships, ratio of males to females, general work habits and behavior. Therefore, a request is not a guarantee.

Student Placement Requests are available online at www.lapeerschools.org or in the school office. All requests are due by **May 13, 2016**.

Thank You Lynch PTC!

BIG THANKS to our wonderful PTC officers! They have made our year a great success with all the time and effort they have put forth.

During our May 16th PTC meeting at 4pm, we will be holding nominations and voting for next year's positions. We need you! We will have the following positions open for next year: Vice President-If you would like to be responsible for helping decide where our funds can be used and what events would be fun and beneficial for our students; then this is the job for you! We will also have the Secretary position open-If you are organized and detail oriented, this one's for you! You would maintain the calendar, complete all the paper work and correspondence necessary and make flyers for events. Of course, all the PTC positions work together as a team to put on our events. If you would like to join the team, please contact the current PTC and make plans to attend the May meeting!

Lynch STEM Elementary

Preparing students for the global economy

Lynch STEM Elementary will be hosting the 1st annual Spring STEM Expo at the school on Thursday, May 26th. This event will highlight the exciting things that are happening at Lynch related to STEM Education and PLTW. In addition to student displays and activities students will experience community guest speakers that currently have a STEM related career. The event will end with a Science Olympiad event where Lynch student and family members can compete in the Egg Drop competition. This event will take place from 3:45pm-5:00pm at Lynch STEM Elementary. Look for more detailed information outlining the event and how you can become involved coming home with your students in mid-May.

Become involved in STEM education at Lynch STEM Elementary

We are looking for your help! Starting next year Lynch STEM Elementary would like to start a robotics team at the upper elementary level. If you and your student are interested in robotics please consider volunteering to coach at team. Lapper Community School currently has a very successful secondary robotics program, be part of the excitement at the K-5 level with robotics at Lynch STEM Elementary.

Medication Reminder

If your student has medication in the office, it must be picked up by a parent/guardian by June 17th. *Please be advised that any medication remaining in the school office will be discarded after June 17th.* The office does not retain any medication for the following school year. Please note new medication authorization forms will need to be filled out for the 2016-17 school year.
